

Tishomingo

*National Wildlife Refuge
and Wildlife Management
Unit*

*Hunting & Fishing
Regulations*

*The 16,464-acre
Tishomingo National
Wildlife Refuge is one of
more than 550 refuges
throughout the United
States managed by the
Fish and Wildlife Service.*

*The National Wildlife
Refuge System is the only
national system of lands
dedicated to conserving
our wildlife heritage
for people today and for
generations yet to come.*

General Information

Tishomingo National Wildlife Refuge was established in 1946 to benefit migratory waterfowl in the Central Flyway and help conserve America's wildlife heritage for people today and generations yet to come.

General Refuge Regulations

Major objectives of the Refuge are to provide habitat for wintering waterfowl and nongame migratory birds, wintering and breeding habitat for ducks, and habitat for the natural diversity of wildlife native to the area. Management objectives also emphasize opportunities for environmental education, interpretation, and wildlife-dependent recreation such as hunting, fishing, bird watching, and photography.

In the field, the Refuge boundary is indicated by white metal boundary signs and brown informational signs.

By law, National Wildlife Refuges are closed to all public use activities unless otherwise permitted. Hunting, fishing and certain other public uses are permitted on specific parts of the refuge. The regulations listed here supplement the general regulations that govern public use on national wildlife refuges as set forth in Title 50, Code of Federal Regulations.

Commercial Activities

Refuge regulations require anyone engaged in a commercial activity to first obtain a Refuge Special Use Permit. Anyone planning to pursue a commercial activity on refuge lands is advised to contact the Refuge Manager for information on permitted commercial activities and special use permits.

Weapons

Persons possessing, transporting, or carrying firearms on National Wildlife Refuges must comply with all provisions of state and local law. Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42 and specific

refuge regulations in 50 CFR Part 32). Carrying, possessing, or discharging fireworks or explosives on national wildlife refuges are prohibited unless specifically authorized. The use or possession of crossbows, bow and arrows, air guns, spears, gigs, and other weapons on national wildlife refuges is prohibited except as may be authorized by the refuge manager.

Hunting

Tishomingo NWR

The refuge offers controlled hunts through the Oklahoma Department of Wildlife Conservation. Applications to enter the controlled hunts are available from the ODWC.

Wildlife Management Area

The Tishomingo Wildlife Management Unit is open to the public. The 3,150 acre Wildlife Management Unit is managed cooperatively by the U. S. Fish and Wildlife Service and the Oklahoma Department of Wildlife Conservation. The management unit consists of three separate areas:

Check Station Unit, Airport Unit and the Pennington Bottom Unit

Limited hunting opportunities are allowed in accordance with federal and state regulations and season dates. The Airport and Pennington Units are open to shotgun (non-toxic shot) and archery methods only. The special regulations listed below also apply and are strictly enforced.

Special Regulations

Registration

All hunters must use self registration boxes to check in and out of the area. The registration boxes are located at various hunter access points.

Access

Vehicle access is allowed on designated roadways year around except during muzzleloader and gun deer seasons. No off-road driving is permitted.

Methods of Take

Non-toxic shot is *mandatory for all shotgun hunting* regardless of the species being hunted.

Waterfowl

The Management Unit is open for waterfowl hunting until 12:00 noon on Tuesdays, Thursdays, Saturdays and Sundays only. Waterfowl hunters are required to be off of the Management Unit by 12:00 noon.

Waterfowl blind or pond selection is on a “first come” basis. Sign in and blind selection begins at 4:30 a.m. No entry is permitted before 5:00 a.m. Hunters waiting for entry times are encouraged to coordinate with other hunters on which blind or pond they have chosen to hunt. Teller Pond, Blind #14, Blind #27 (Hog Pen Blind) and South Field all-weather blind are reserved for use by hunters with disabilities who possess a Non-ambulatory Permit to hunt from a motorized vehicle issued by the ODWC. *Only* these hunters are authorized to drive off road to gain access to these locations. Provided that these three locations are not selected by a hunters with disabilities by 5:30 a.m. they may be chosen by any hunter.

Boats and retrieving dogs are allowed. Dogs must remain under control of their handler.

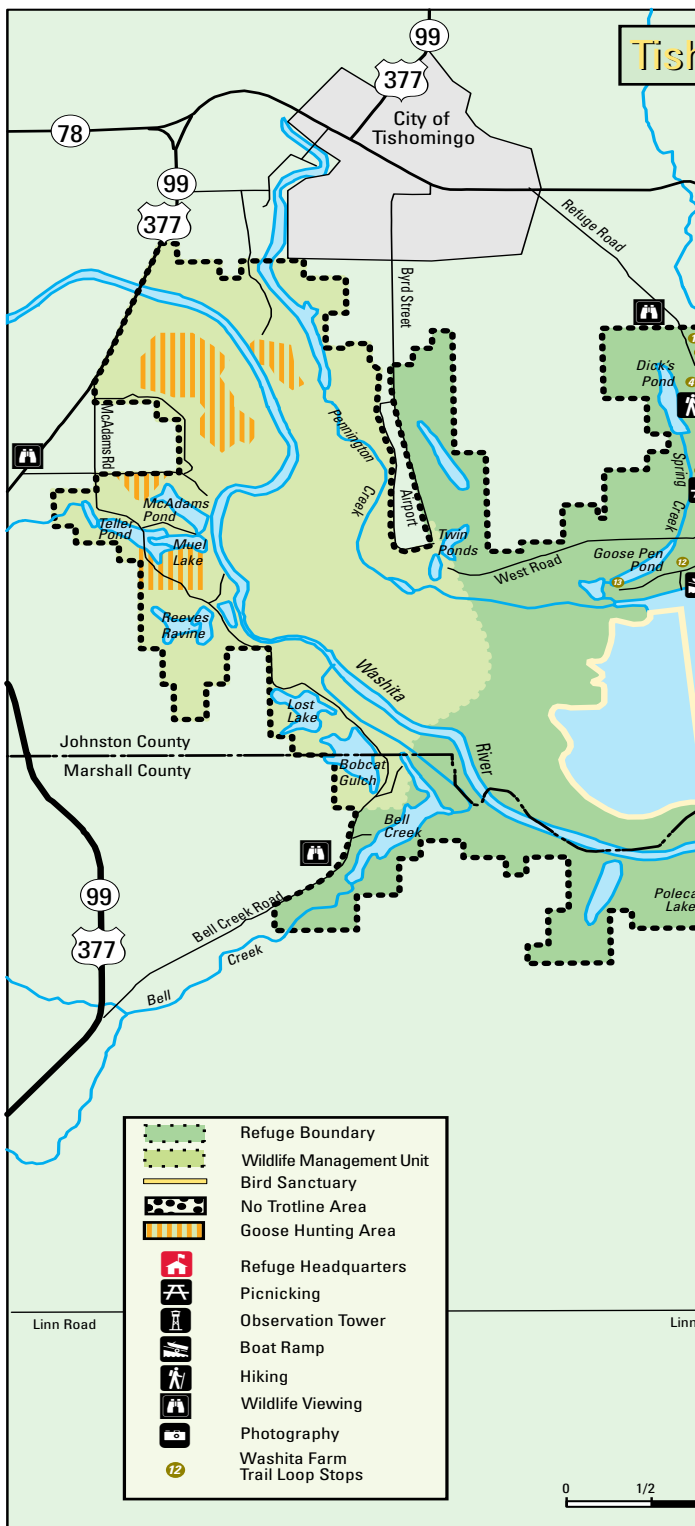

Deer

Deer hunting is allowed in accordance with the State season published under the Tishomingo WMU (Public Lands) portion of the Oklahoma Hunting Brochure. Deer gun and muzzleloader hunting is only allowed on the Check Station Unit. Deer hunting on the Airport and Pennington Units is open to archery methods only. Archery deer hunters must comply with florescent orange requirements during the primitive and modern gun seasons.

Portable or temporary stands may be utilized. No spikes or other damaging items may be driven into trees. Stands may remain in place no more than 14 days. Federal regulations prohibit baiting on this area.

Homomingo National Wildlife Refuge

*Dove and other
migratory game
birds*

Dove, woodcock, common snipe, rail, gallinule, and crow hunting is permitted the same as statewide season dates. Only non-toxic shot may be used.

Upland Game

Rabbit, quail, and squirrel hunting is permitted the same as statewide season dates, except closed during deer gun season. Only non-toxic shot may be used.

Turkey

Hunting is allowed during the spring shotgun season and during the fall archery season in accordance with state regulations. Spring turkey limit is one tom turkey. Only non-toxic shot may be used.

Feral Hogs

Feral hog hunting is permitted year round. Feral hogs may be hunted with a shotgun and non-toxic shot, archery, or with a rifle during an overlapping season, (i.e., predator/furbearer calling). Pursuing with hounds, horses or mules is prohibited. Feeding, baiting and trapping of feral hogs is prohibited.

*Furbearers and
Predators*

Predator/furbearer calling is permitted the same as statewide season dates, except closed during deer gun season. Pursuing with hounds or trapping is prohibited.

*All other wildlife is protected. Help
keep your refuge clean. Please do
not litter.*

Fishing and Boating

Fishing

Fishing with hook and line is permitted on designated areas of the refuge subject to the following conditions:

Bank and wade fishing with pole and line or rod and reel are permitted year-round in areas open for public access.

Limblines, throwlines, juglines, and yo-yo's are not permitted anywhere on the Refuge or Wildlife Management Unit. During boating season, trotlines are only permitted in the open area of Cumberland Pool and the natural banks of the Washita River. Trotlines used in the Cumberland Pool must be attached to anchored floats and may not be attached to sticks, poles, trees, buoys, or other fixed objects. The owners name and address must be on the end floats of each line without any viewing obstructions. Fishing tackle must be removed at the end of each season.

Containers

Use of any containers (jugs, bottles) as floats is not permitted. Glass or metallic floating devices are not permitted.

Trotlines

Trotlines are restricted to no more than 3 lines and 100 hooks per person. Hooks must be no less than 24 inches apart. Trotlines must be attended at least once every 24-hours. Trotlines must be made of non-metallic materials only. Trotlines are not permitted in waters less than 3-feet. Lines must be 3 feet or more below the water surface.

During the boating season, no wake boat fishing with hand-held tackle is permitted in the Cumberland Pool (except for the Bird Sanctuary Zones) and lakes south of the Washita River. Fishing and boating is allowed year around in the Wildlife Management Unit Ponds.

Night fishing is permitted from a boat (during boating season) on the Cumberland Pool, except in the Bird

Sanctuary Zone. The Bird Sanctuary boundaries are designated by signs and buoys south and west of the Headquarters Boat Ramp (excluding the mouth of Pennington Creek) and the Sandy Creek Peninsula.

Night fishing from the bank is permitted at the Headquarters Area, Sandy Creek Bridge, Murray 23, Wildlife Management Unit and other authorized fishing areas.

Taking of bait for personal use while fishing on the refuge is permitted in accordance with Oklahoma State Law.

Bow fishing is permitted only in the Wildlife Management Unit.

The taking of fish by the use of hands (noodling) is prohibited in all Refuge and Wildlife Management Unit Waters.

Boating

The boating season runs March 1 through September 30 on Refuge lakes and Washita River.

All State and Federal regulations apply to boats using the Refuge.

Airboats, hovercraft and personnel watercraft are not permitted.

Caution: Cumberland Pool contains floating debris and submerged concrete structures.

Tube fishing or fishing with the aid of an inner tube-type flotation device as part of a pair of waders on Cumberland Pool or refuge lakes is permitted only during boating season, March 1 through September 30.

Boating, fishing, and entry into the Bird Sanctuary Zone is prohibited.

Special daily bag and size limits

White or Black Crappie—10” minimum and 37 daily limit.

Channel or Blue Catfish—12” minimum. Daily limit 15 combined. Only one Blue Catfish over 30 inches.

Flathead Catfish—20” minimum and daily limit 5.

Striped and Hybrid Striped Bass—daily limit of 10 combined, only 2 may be 20” or longer.

White Bass—daily limit of 25. No size limit.

Largemouth, Smallmouth and Spotted Bass—Size limit of 14” minimum for Largemouth and Smallmouth Bass. Daily limit of 5 combined.

General Rules

Night time traffic is prohibited, except for night fishing.

Searching for or removal of artifacts or antiquities is prohibited.

Fires are permitted only at designated areas. Ground fires are not permitted.

Target shooting is prohibited.

Swimming is not permitted.

Water skiing is not permitted.

Camping is allowed year-round at the Headquarters Camping Area and the Wildlife Management Unit. The Headquarters Camping Area has one accessible site and six additional sites. Five designated primitive campsites are available at the Wildlife Management Unit: 1) McAdams River Access; 2) McAdams Pond; 3) Clifton River Access; 4) Reeves Ravine Pond and; 5) Rattlesnake River Access.

If you witness a violation call 580/371-2402; or Operation Game Thief at 1-800/522-8039; or your local game warden.
